PROFESSIONAL SUMMARY

Developer and designer with hands-on experience in web and mobile development, UI/UX design, backend integration, and AI-powered systems. Experienced through internships, client projects, freelance work, and academic development, with a strong ability to turn ideas and requirements into functional, responsive, and well-designed digital products. I enjoy working across both design and development, especially when I can combine creativity, problem-solving, and technology to build practical and visually clear solutions.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Python, Dart, SQL
- **Frontend Development:** React, Vite, HTML, CSS, Tailwind CSS, Flutter
- **Backend & APIs:** FastAPI, Node.js, Django, REST APIs, Hono

- **Cloud & Deployment:** Vercel, Cloudflare, AWS Fundamentals, EC2, S3, DynamoDB, Lambda, API Gateway, DNS & Custom Domain Configuration

EXPERIENCE

ABOUND CONSULTANCY	Makati, National Capital Region, Philippines Remote
Digital Experience Intern Lead, Digital Experience & Technology	July 2026 – Present

- Develop and maintain responsive websites and web applications for company and client projects.
- Work across frontend and backend features, including authentication, database workflows, inventory, and order management.
- Handle testing, debugging, deployment, and production updates while working closely with designers and stakeholders.

SERVICEBAI	Cebu, Central Visayas, Philippines Remote
Frontend Developer & QA Intern	July 2026 – August 2026

- Developed responsive React and TypeScript features for a service marketplace platform.
- Worked on search, filtering, booking flows, authentication, and protected routes while handling frontend QA and debugging.
- Contributed through GitHub branches, pull requests, issue tracking, and code reviews to support reliable product releases.

FREELANCE DEVELOPER & DESIGNER	Pangasinan, Philippines
Independent / Self-Employed	October 2025 – Present

- Design and build websites, application interfaces, and digital systems for client and personal projects.
- Handle frontend development, UI/UX implementation, backend integration, database setup, testing, and deployment.
- Work directly with clients to understand requirements, manage revisions, and deliver functional digital solutions.

LUXE REALTY CEBU | REAL ESTATE WEBSITE
Client Project | Web Development

Cebu, Central Visayas, Philippines | Remote
April 2026 – July 2026

- Developed and launched a production real estate platform with property listings, search and filtering, inquiry workflows, account features, and responsive user-facing pages.
- Built the backend system and admin dashboard for managing listings, users, inquiries, newsletters, and site content.
- Managed client revisions, testing, deployment, custom domain setup, and post-launch support.

FOUNDER & OWNER — CROCHET BUSINESS
Founder & Owner

Pangasinan, Philippines
April 2022 – Present

- Create original and customized crochet pieces by developing and adapting patterns to fit customer needs.
- Solve design and production challenges involving sizing, materials, and construction.
- Manage branding, customer communication, pricing, orders, and delivery.

CITE STUDENT COUNCIL
Editor / 3rd Year Representative

PHINMA University of Pangasinan
July 2023 – May 2026

- Created publication materials, digital content, announcements, and event documentation for council activities.
- Represented student concerns and supported communication between students and the organization.
- Helped coordinate student initiatives, events, and council activities while working with different teams.

SELECTED PROJECTS

- **SkinSense AI — AI-Powered Facial Skin Assessment**
Capstone Project | 2026
Developed an AI-powered mobile application for preliminary facial skin assessment, ingredient education, scan history, and contextual AI guidance, supported by an administrative dashboard.
- **Luxe Realty Cebu — Real Estate Website**
Live Client Project | 2026
Developed and launched a production real estate website with property listings, search and filtering, inquiry workflows, account features, and an administrative management system.
- **Abound Consultancy — Company Website**
Live Production Website | 2026
Contributed to the development and ongoing improvement of a live company website, including responsive interfaces, content updates, testing, deployment changes, and production refinements.

Additional academic, client-based, and personal projects are available at crystaljadesabado.com.
